

Your Paper Title Goes Here: A Concise, Specific Subtitle

First Author, Second Author, Third Author

South Dakota State University, Dept. of Electrical Engineering & Computer Science, Multimodal Intelligence Lab

MOTIVATION

- **State the problem.** One sentence on the gap your work addresses.
- **Why it is hard.** The obstacle prior work hits.
- **Your insight.** The idea that resolves it → your contribution.

METHOD

Describe the approach. Drop a figure below — supply it as **SVG** so it stays sharp at A0. A figure that should span all columns gets `class="fig wide"`.

1

First contribution, in a few words

2

Second contribution

3

Third contribution

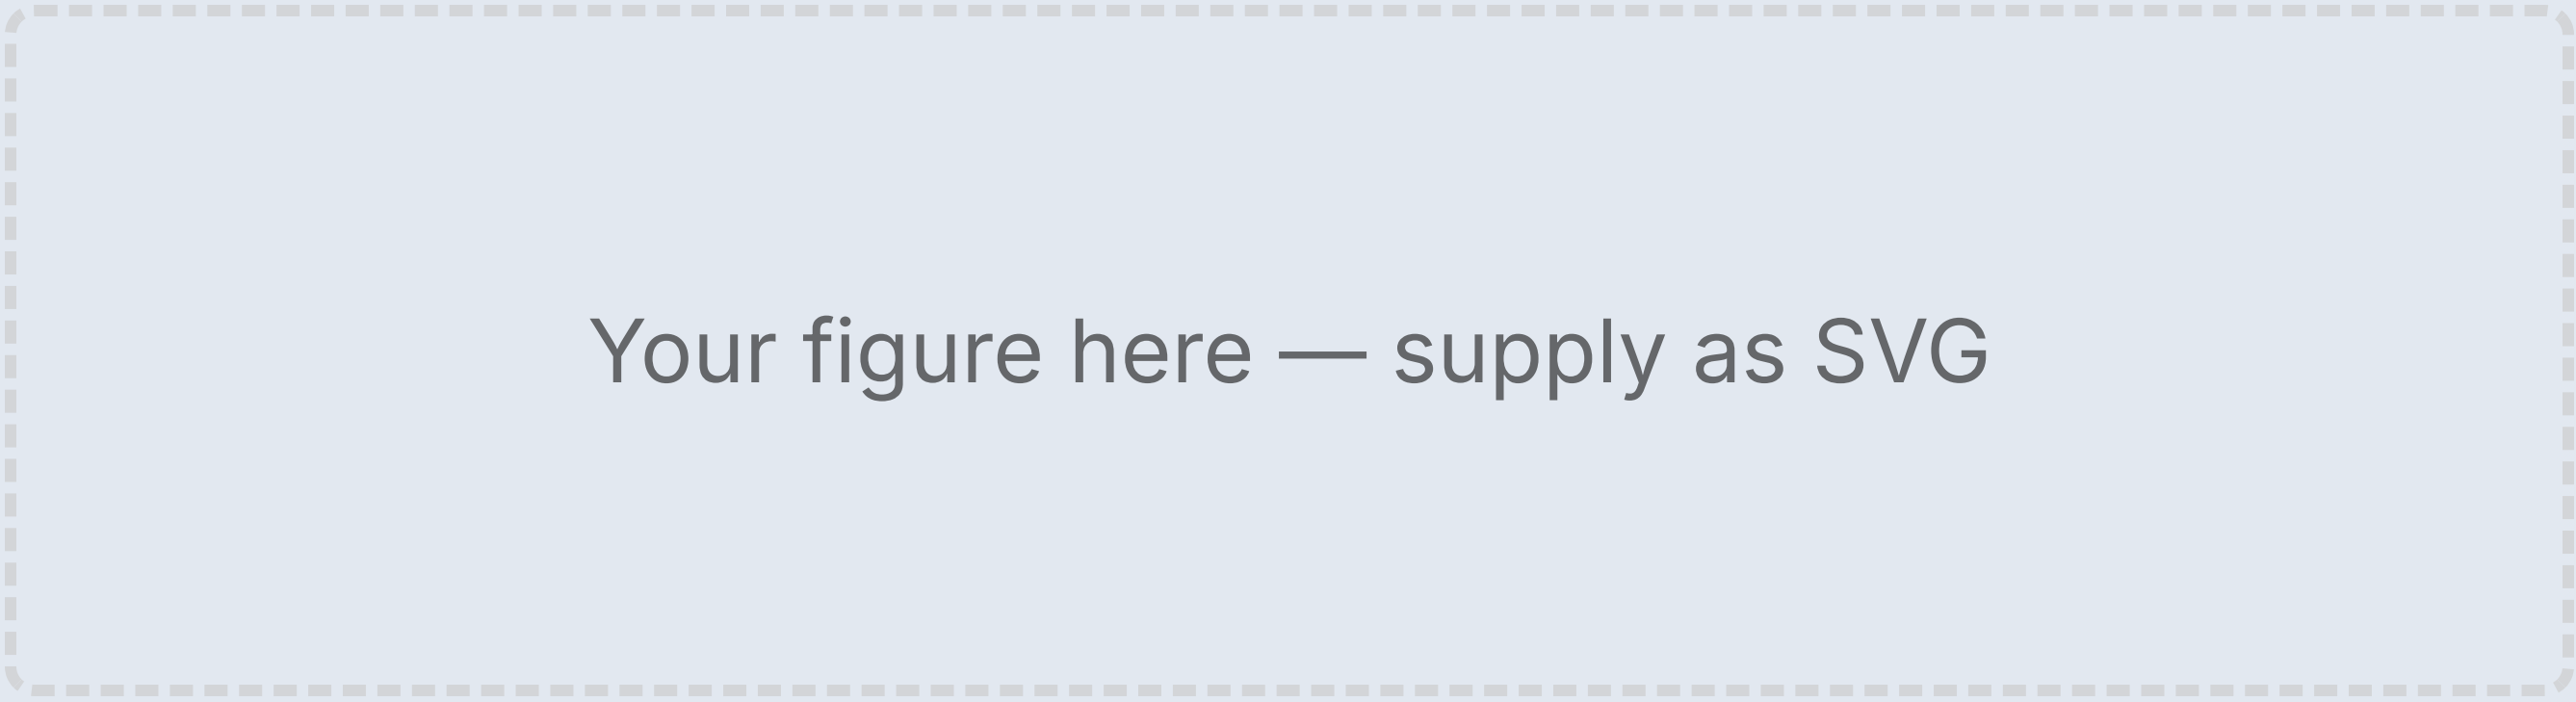

Figure 1. One line on what the reader should take away.

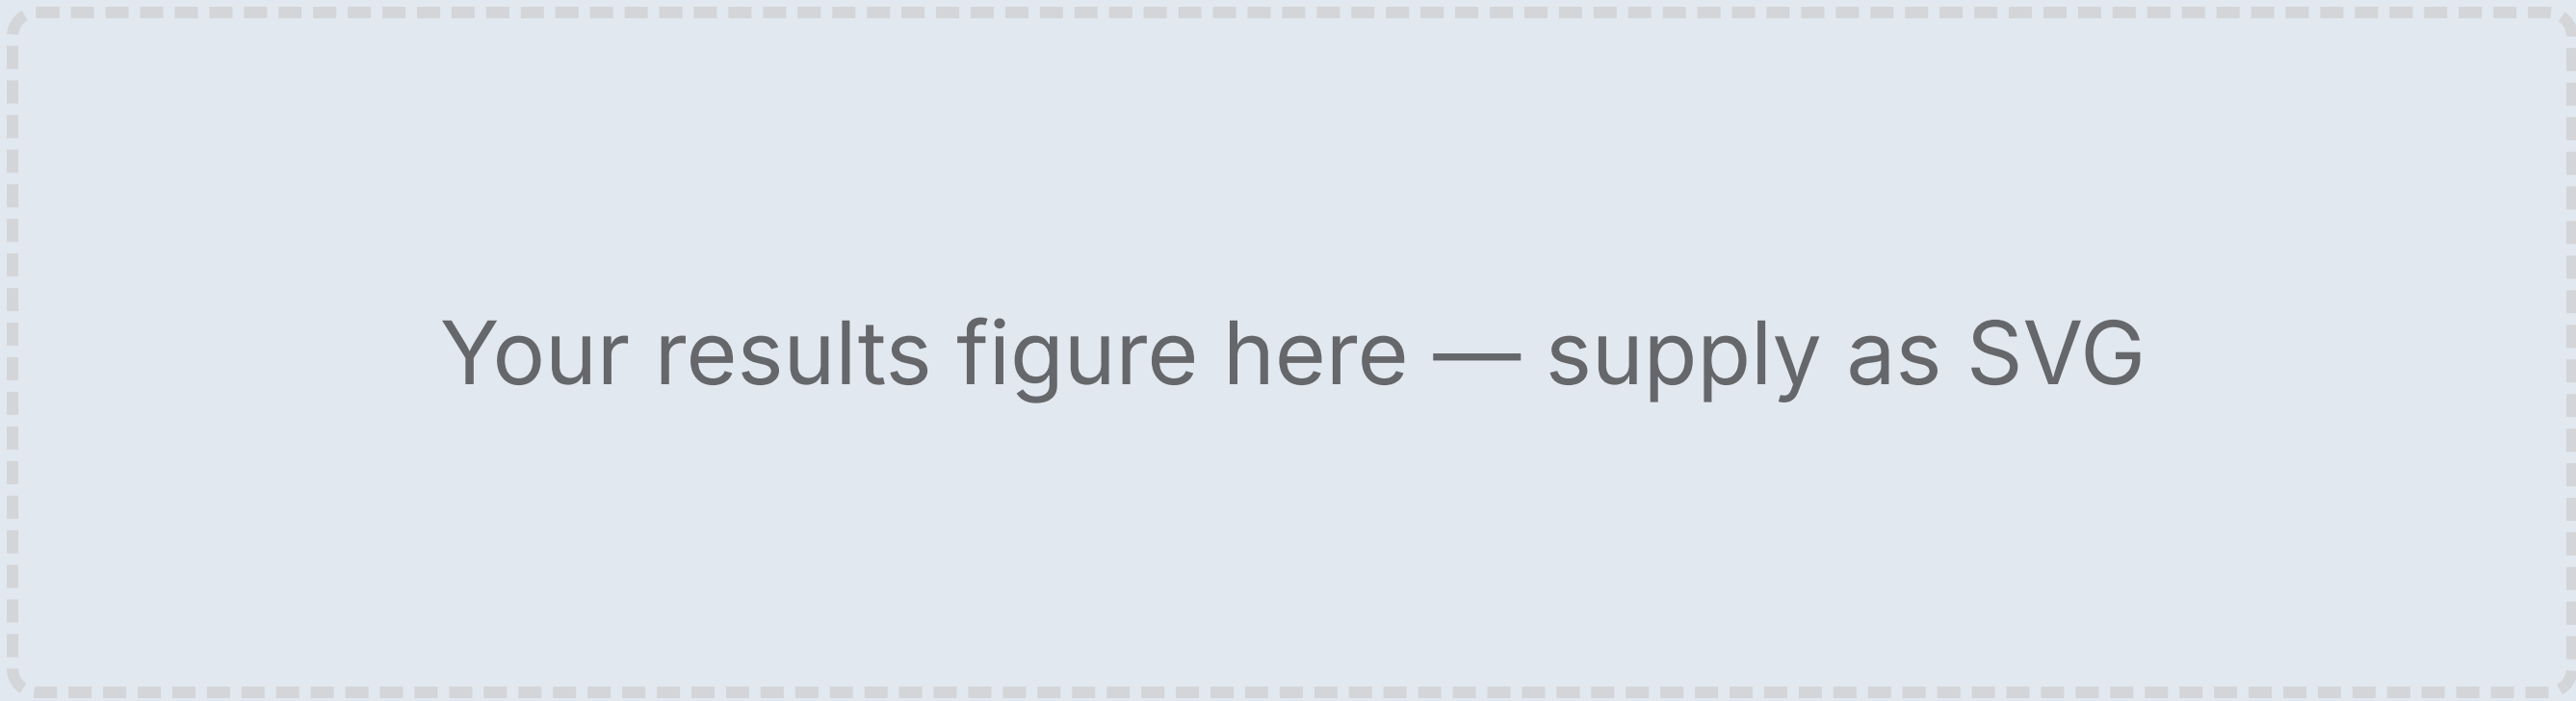

RESULTS

Lead with the headline result, in one bold line.
Protocol: state the evaluation setup so the number is interpretable.

+6.7pp
Accuracy (vs. best baseline)

2.3×
Faster inference

46×
Fewer parameters

CONCLUSION

Restate the contribution and its one-sentence implication. Add links / acknowledgements. Scan the lab QR in the header for code and more work.
